

TECHNICAL DATA SHEET

CRETE-BLASTER CONCENTRATE

Concentrated Concrete Remover

DESCRIPTION

Rockbond Crete-Blaster Concentrate (RB10.14CONC) is a concentrated version of our Crete-Blaster Extra. This concrete removal product is designed for the most stubborn concrete splashes and difficult cleaning applications. It works on the most hardened concrete. Crete-Blaster Concentrate is hard on concrete but safe on most other substrates.

SPECIAL PROPERTIES

- Breaks down hardened concrete.
- Environmentally-Safe & Biodegradable.
- Contains no muriatic acid, formic acid, salts, or chlorides.
- Supplied 'Ready to Use', no mixing required.
- Won't attack paint, aluminum, rubber or glass.
- Safe on skin.

USES

- Cleaning old concrete off tools and machinery.
- Cleaning concrete of areas around pour zone (e.g. paths, fences, cars, etc)
- Removal of hard concrete out of concrete mixes.
- Cleaning down concrete to remove stains.

MIXING INSTRUCTIONS

As Crete-Blaster Concentrate is a ready-to-use product, there is no mixing whatsoever required.

APPLICATION PROCEDURE

- Apply with a sprayer, sponge, brush or scrub pad.
- Allow to soak for approx. 20 minutes.
- Keep moist to allow soaking into thicker concrete build-up.
- Agitation will assist in removal.
- Rinse and air dry.
- Product will rinse to clear shiny finish.
- Dispose of concrete residue safely.

As this product has a wide and varied range of uses, we strongly recommend carrying out a small trial area to ensure suitability if you are unsure.

Note: Damage to substrates can be caused by rubbing the concrete once it has been sprayed. On surfaces that are easily scratched (e.g. cars) is advisable to pick off the concrete once you have sprayed it, rather than rubbing it off.

PACKAGING AND SIZE

5lt Containers, 20litre Containers and 1000lt IBC's.

HEALTH AND SAFETY

Rockbond Special Concrete Products are generally quite harmless, provided normal precautions are taken when handling chemicals.

Avoid contact with foodstuffs and utensils. Avoid prolonged skin contact. Wear protective clothing, gloves, goggles etc. In the event of contamination wash thoroughly with water. If the eyes or mouth are affected wash with clean water and obtain medical attention.

TECHNICAL DATA

COLOUR:	Green/Blue
FLASHPOINT:	Not Applicable
TOXICITY:	Non-Toxic
DG CLASSIFICATION:	DG8
SHELF LIFE:	Indefinite if well sealed.
